

Safety

GCED will identify a safety committee including the Director and Program Coordinators who will meet on a regular basis to review safety concerns, report accidents and develop a policy to be followed by all GCED personnel.

The committee will post copies of the safety policy, meeting minutes, etc. on the staff bulletin board.

All subcontractors will be required to show proof worker's compensation coverage prior to commencing any contracted work.

Sharps containers will be maintained as needed for needles and for injections.
