

Research-Based Educational Program and Intervention Resources

Access Center: “Improving Outcomes for All Students K-8”

The Access Center’s mission is to “provide technical assistance that strengthens State and local capacity to help students with disabilities effectively learn in the general education curriculum.”

This project, funded by the United States Department of Education’s Office of Special Education(OSEP), supports the professional development of educators and administrators with resources and educational modules on a number of topics, such as Co-Teaching, Differentiated Instruction, and Technology. Our resources focus on core content areas-language arts, math, and science-as well as on instructional and learning strategies to provide students with disabilities access to rigorous academic content. We have a series of [professional development modules](#) (now available on CD) and information briefs on such topics as teaching and learning strategies, media and materials, supports and accommodations, universal design for learning, differentiated instruction and collaborative teaching. <http://www.k8accesscenter.org/index.php>

Blueprints for Violence Prevention: This site identifies effective violence prevention programs and includes links to the programs. The site also has a bullying resources page.

www.colorado.edu

Center for Effective Collaboration and Practice: The Center’s goal is to foster the development and the adjustment of children with or at risk of developing serious emotional disturbance. The site has links to effective practices of intervention, coordination of services and behavioral assessment. <http://cecp.air.org/>

Center for Evidence-Based Practices: Young Children with Challenging behavior. The Center is funded by the US Dept of Ed. Office of Special Education Programs to promote the use of evidence-based practice to meet the needs of young children who have, or are at risk for, problem behavior. The site includes handouts, training modules, and teaching tools. Forum on Child and Family Statistics: www.childstats.gov This group of Federal agencies collects, analyzes and reports data on issues related to children and families. The July 2008 report “America’s Children in Brief: Key National Indicators of Well-being 2008” reviews statistics on demographics, family and social environments, economics, healthcare, physical environment, behavior, education and health. <http://challengingbehavior.fmhi.usf.edu/>

Center on Instruction: This is a collection of scientifically based research and information on K-12 instruction in reading, math, science, special education and English language learning. Resources are available to download in PDF form. www.centeroninstruction.org/

Minnesota RtI Center: http://www.scred.k12.mn.us/rt_i/minnesota_rti_center

National Center on Response to Intervention: This site includes resources for all levels of instruction. www.rti4success.org

National Center for Special Education Research: Institute of Education Sciences, US Dept of Ed. This Site documents special education research related to a variety of topics.

<http://ies.ed.gov/ncser/>

National Center on Student Progress Monitoring: Us Office of Special Education Programs. This Site contains resources in curriculum areas, data-based decision-making and RTI. The resources are not limited to special education. www.studentprogress.org

National Center for Substance Abuse and Mental Health: This is an online registry of mental health and substance abuse interventions that have been researched as to their effectiveness. The programs are listed and can be further investigated at

<http://www.samhsa.gov/>

National High School Center: This site is a source of information and expertise on high school improvement issues and includes resources on a variety of issues affecting high school teachers/students. www.studentprogress.org

Office of Juvenile Justice and Delinquency Prevention Model Programs Guide: This site contains a database of evidence-based programs including community and school-based programs for at-risk children. www.dsgonline.com

OSEP National Technical Assistance Center: On Positive Behavioral Interventions and Supports. www.pbis.org/main.htm

RTI Action Network: This is a program of the National Center for Learning Disabilities. Information on the site is organized by instructional level. The site also includes a section for parents. <http://rtinetwork.org/>

Safe, Disciplined and Drug-Free Schools Program Inventory: This site contains a list of programs that meet the US Dept. of Ed. Principles of Effectiveness requirements for the Safe and Drug-Free Schools, compiled by the Florida Department of Education through the University of North Florida. The site includes links to the programs. www.unf.edu
